- 13' 1" max width each section, 19' 8" max projection.

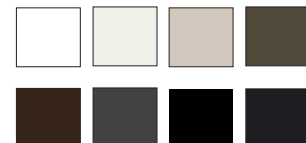

Closures & Accessories

- Lighting, screen shades, heaters, and glass.

18 Standard Colors

ROTATING & FULLY RETRACTING

Key Features:

- Louvers rotate and retract.
- Louvres offer natural airflow with slight opening, and fully opening with retraction.
- Sun protection with ventilation ensured
- Louver integrated seal prevents water dripping

Aerolux ES rotating louvers ensure natural airflow when slightly opened. They also protect from sun exposure while maintaining ventilation. Additionally, they offer waterproof coverage when fully closed and feature integrated seals for maximum protection against water dripping

MODULAR DESIGN

Key Features:

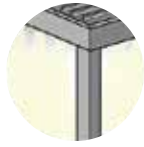

- Combine multiple units in a row - Modular design
- 13' 1" max width each section, 19' 8" projection

The ability to combine multiple units in a row, allowing for seamless expansion and customization according to your specific needs. These features ensure a flexible and efficient solution that can adapt to various spaces and requirements.

Optional accessory add-ons:

- Create the perfect outdoor living space.
- Extend your outdoor living season and adopt resort-style living.

Heaters

Shortwave IR is an ideal solution for patio heaters, as it provides the heat required without being affected by breezes.

Lighting

Our pergolas come with an accessory option for lighting, allowing you to enjoy your outdoor space for longer. Choose between our LED strip or esme spot lighting to illuminate your pergola.

Slat Walls

Crafted from high-quality aluminum, EuroShade slats offer a lasting solution for privacy screening.

Drop Screens

Crafted from high-quality aluminum, EuroShade slats offer a lasting solution for privacy screening.

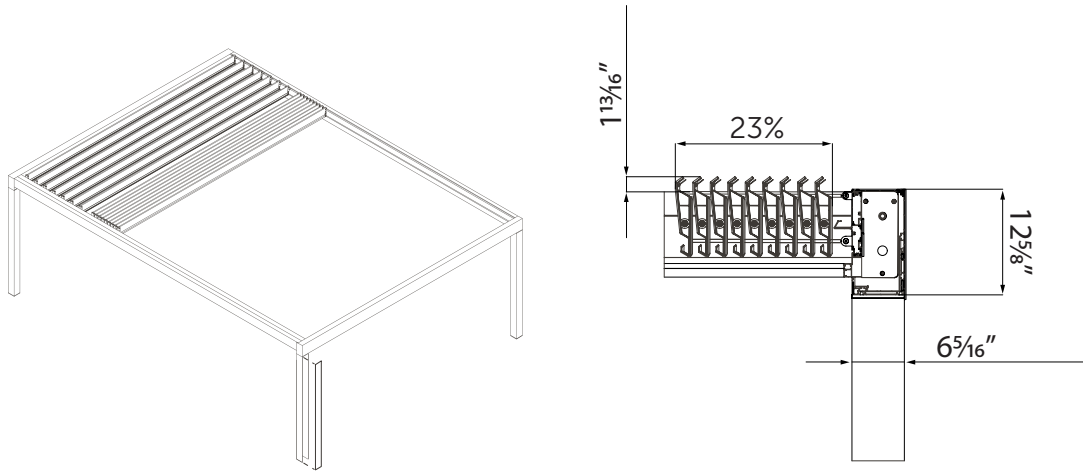

Glass Enclosure

Glass enclosure systems provide an unobstructed view and a minimalist style by offering a maximum clear span.
